

Gulshan Mehra

Associate Software Developer

SUMMARY

Skilled Unity Developer with 3 years of experience in creating and optimizing complex 3D visual effects. Managed multiple projects while upholding quality standards. Expertise in C# programming, game physics, shader graph, and game optimization has enhanced gameplay through innovative design solutions and efficient coding practices. **Available for immediate start.**

EXPERIENCE

Chicmic Studios - ASSOCIATE UNITY DEVELOPER

Mohali, India • 09/2024 - Current

- Developed multiplayer games, enhancing player engagement through titles like UNO Five and Color Folks.
- Contributed to VR application development for *Meta Quest 2*, delivering immersive experiences with VR Engine Explorer.
- Maintained and migrated data on *Microsoft PlayFab* for *REVV Racing*.
- Created and published Unity Asset Store packages, providing developers with essential tools like Water Shader Pack and Grass Shader Pack.

Chicmic Technologies LLP - ASSOCIATE UNITY DEVELOPER

Mohali • 09/2023 - 09/2024

- Contributed to development of ASAP Arcade and WebGL app Modern Closet, enhancing user engagement.
- Implemented SDKs for Google sign-in, Firebase authentication, Realtime database, Firestore, Analytics, and Push Notifications, streamlining user onboarding.
- Integrated APIs and sockets to enhance functionality for in-house games Bluff Master and Casino Alley, improving user experience.
- Designed game mechanics and optimized environment in collaboration with artists.

SKILLS

- Unity and C# development
- Multiplayer networking
- Game mechanics design
- VR application design
- API integration
- User interface design
- Performance optimization
- Lighting and rendering
- Shader Graphs
- Particle System/VFX Graph
- Animations
- Cross-platform
- Mobile development
- Version Control
- Data structures
- Localization

EDUCATION AND TRAINING

Bachelor of Science: Computer Science

Punjab Technical University (PTU)

Punjab, India • 04/2023

CERTIFICATIONS & LICENSES

- The Most Comprehensive Guide To Unity Game Development
- Visual Effects for Games in Unity - Beginner To Intermediate
- Master Python For Competitive Coding
